Test Result  
Sample

SREW Manufacturing Facility & Business Process is certified with QMS ISO 9001 : 2015.

The soldering temperature of the cell connection is constant with a maximum deviation of + 10°C. Every batch is examined for the quality of its laminate using laminate control checks.

### ADVANTAGES OF SOLAR PANEL

- Pollution free source of energy
- Acts as an additional current source.
- Reduces usage of electricity during day time.
- Can be synchronized with DG and Grid.
- Reduces electricity bill to a greater extent.
- Plug and play power plant system & many more....

### APPLICATION

- Rooftop solar project
- Solar plant - Megawatt Scale - on grid
- For Irrigation purpose
- Solar Street lighting & many more....

### Product & Performance warranty

Our modules come with a 5 year product warranty (As per warranty terms). We warranty yield of minimum 90% of the output power identified within the first 10 years and of minimum 80% within the first 25 years.
